## DEAN IS WRITING OF TROLLEY LINES

Lumberport Editor Appears in a Novel Role in the State of Ohio.

The Wellston, O., Telegram announces its presentation of "a series of Articles by George A. Dean, who recently suspended the Lumberport Independent through lack of patronage." Mr. Dean is making a return trip by trolley from Clarksburg to Chicago in the interest of several boards of trade and as special correspondent of several newspapers. Mr. Dean is also a theatrical advance agent and this and similar articles will appear in the Bill Board and Clipper, two of the leading theatrical journals of the United States.

In 1902 Mr. Dean made a trip from "Kankakee to Pittsburgh by trolley, covering 850 miles at an expense of less than \$3.50. He traveled the northern route, via Kankakee, Ill., South Bend, Ind., Miles, Kalamazoo, Jackson, Detroit, Mich., Toledo, Norwalk, Lorain, Cleveland, Chagrin Falls, Warren and Youngstown, thence south and east into Pittsburgh. Mr. Dean secured passes over all the lines but one and was but two weeks on the trip, though he says it can be completed in three or four days.

A full page illustrated article in the Pittsburgh Sunday Dispatch gave a complete outline of the interesting trip, over a dozen trolley lines into Sharon, New Castle, Rochester and Pittsburgh.

Mr. Dean has been appointed special agent for traction lines in Ohio and Indiana and is supplied with sixty day contracts and transportation over the lines with stop-overs everywhere. He expects to start on his trolley trip to Chicago within the next ten days.

At Chillicothe he takes cars on hant.

## S.S.S. PURELY VEGETABLE

It is a generally recognized truth that medicines made from vegetable ingredients are a great deal better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures and compounds. Mercury, potash, arsenic, etc., which are used in the manufacture of most blood medicines, are too violent in their action, and frequently derange the system by disturbing the stomach and digestion, affecting the bowels, and when used for a prolonged period often cause Rheumatism. S. S. S. is the only blood medicine guaranteed absolutely and purely vegetable. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, and all other blood diseases, because it cleanses and purifies the blood, and at the same time builds up the entire system by its fine vegetable tonic effects. S. S. S. may be taken by young and old with absolute safety, and with the assurance that it will cure the diseases and disorders due to an impure and poisoned blood supply, even reaching down and removing hereditary taints. Book on the blood and any medical advice free to all who write.
